Fuel Jug Spare Flow Out

Art. AW-20220

Fuel Jug Standard Cap

Art. AW-20221

Fork Oil Level Meter

Allows you to easily adjust the oil level of your fork. Should be found in every garage.

Art. AW-20155

Exhaust Spring Tool

Makes mounting and dismounting of the exhaust springs much easier.

Art. AW-20151

Rim Protector Set

Available as a set, prevents scratching of your rims when fitting tyres.

Art. AW-20152

Valve Install Tool

Valve install tool for removing the tyre valve.

Art. AW-20156

Valve Install Tool

Makes mounting of the tube much easier.

Art. AW-20231

Spoke Torque Wrench Set

11-piece torque spoke spanner, from 5.1 - 6.9 mm, torx attachment included.

Art. AW-20213

Cable Wire Oiler

Makes stiff cable pulls lighter again.

Art. AW-20150

Chain Brush

Brush for cleaning your motorbike chain.

Art. AW-20148

Measure Container

Practical, sealable oil measuring container with all the important units of measurement needed when refilling, mixing or replacing liquids. The base is removable. Available in 1000, 500 and 250 ml.

		Art.
1000 ml	with cap	AW-20371
500 ml	with cap	AW-20370
250 ml	with cap	AW-20376

Triangle Stand

Triangle stand for your bike.

		Art.
Motocross	365 mm	AW-20153
Supercross & Mini	325 mm	AW-20154

Fork Support

Relieves your fork when your motorcycle is strapped into the transporter. Your fork seals will be happy about it.

		Art.
Mini (up to 85cc)		AW-20146
Standard (up to 125cc)		AW-20147

Tyre Pressure Gauge

A small, handy air pressure gauge that fits in every toolbox and should not be missing in any. With the angled head, the pressure in the tyre can be easily measured and deflated to the desired pressure. Displays in PSI (0-60) and BAR (0-4).

Art. AW-20375

Chain Breaker

This chain breaker is universal for all 420-530 chains, regardless of MX, O-RING, Enduro, X-RING, etc. chains. It is easy to shorten the chain to the desired length. Made of robust steel, it has a rubber-coated handle for comfortable handling.

Art. AW-20373

Oil Drain Tool

Oil drain tool made of aluminum with a PVC hose in black. Facilitates the oil change significantly.

		Art.
all GASGAS models	21➔	AW-20280
all HUSQVARNA models from 65 cc	14➔	AW-20280
all KTM models from 65 cc	09➔	AW-20280

Funnel

Consisting of three parts: funnel, extension and fine sieve. The extension is flexible and easy to adjust.

Art. AW-20287

Muffler Plug

Prevents water and dirt from entering the exhaust when washing, transporting or storing. Included with red handle, for easy extraction. Suitable for exhaust end caps: Ø 15-30 mm & Ø 30-50 mm

		Art.
small	Ø 15 - 30mm	AW-20284
large	Ø 30 - 50mm	AW-20285

Fork Cap Wrench

Allows easier disassembly of fork caps and inner cap. Made of T6-6061 aluminum. Available in different types.

			Art.
KAYABA	49 & 12,5mm	blue	AW-20282
SHOWA	50 & 46mm	red	AW-20281
WP	50 & 12mm	black	AW-20283

Fork Clamp Tool

An absolute must have for any fork service. Allows clamping of forks with diameters of 52-38 mm, as well as piston rods of sizes 10, 12, 12.5 and 14 mm. The tool is made of aluminum and is fixed to the vise jaws by magnets.

Art. AW-20300

Tyre Lever

Available in three lengths and designs - individually or in a convenient pack of 3. For easy mounting of tyres with tube or mousse.

24cm length	1 pcs.	Art.
24cm length	set = 3 pcs.	AW-20306
35cm length (curved)	1 pcs.	AW-20307
35cm length (curved)	set = 3 pcs.	AW-20308
40cm length	1 pcs.	AW-20309
40cm length	set = 3 pcs.	AW-20310
		AW-20311

Tyre Lever with Grip

The special spoon shape simplifies tyre mounting. The edges are rounded to prevent damage of the tyre, tube or mousse during mounting. 270 mm long and 25mm wide with handle to prevent slipping.

Art. AW-20374

Tyre Lever with Grip

The tyre lever has a special spoon shape to simplify tyre fitting. The edges are rounded to prevent damage of the tyre, tube or mousse during mounting. With handle to prevent slipping.

Art. AW-20378

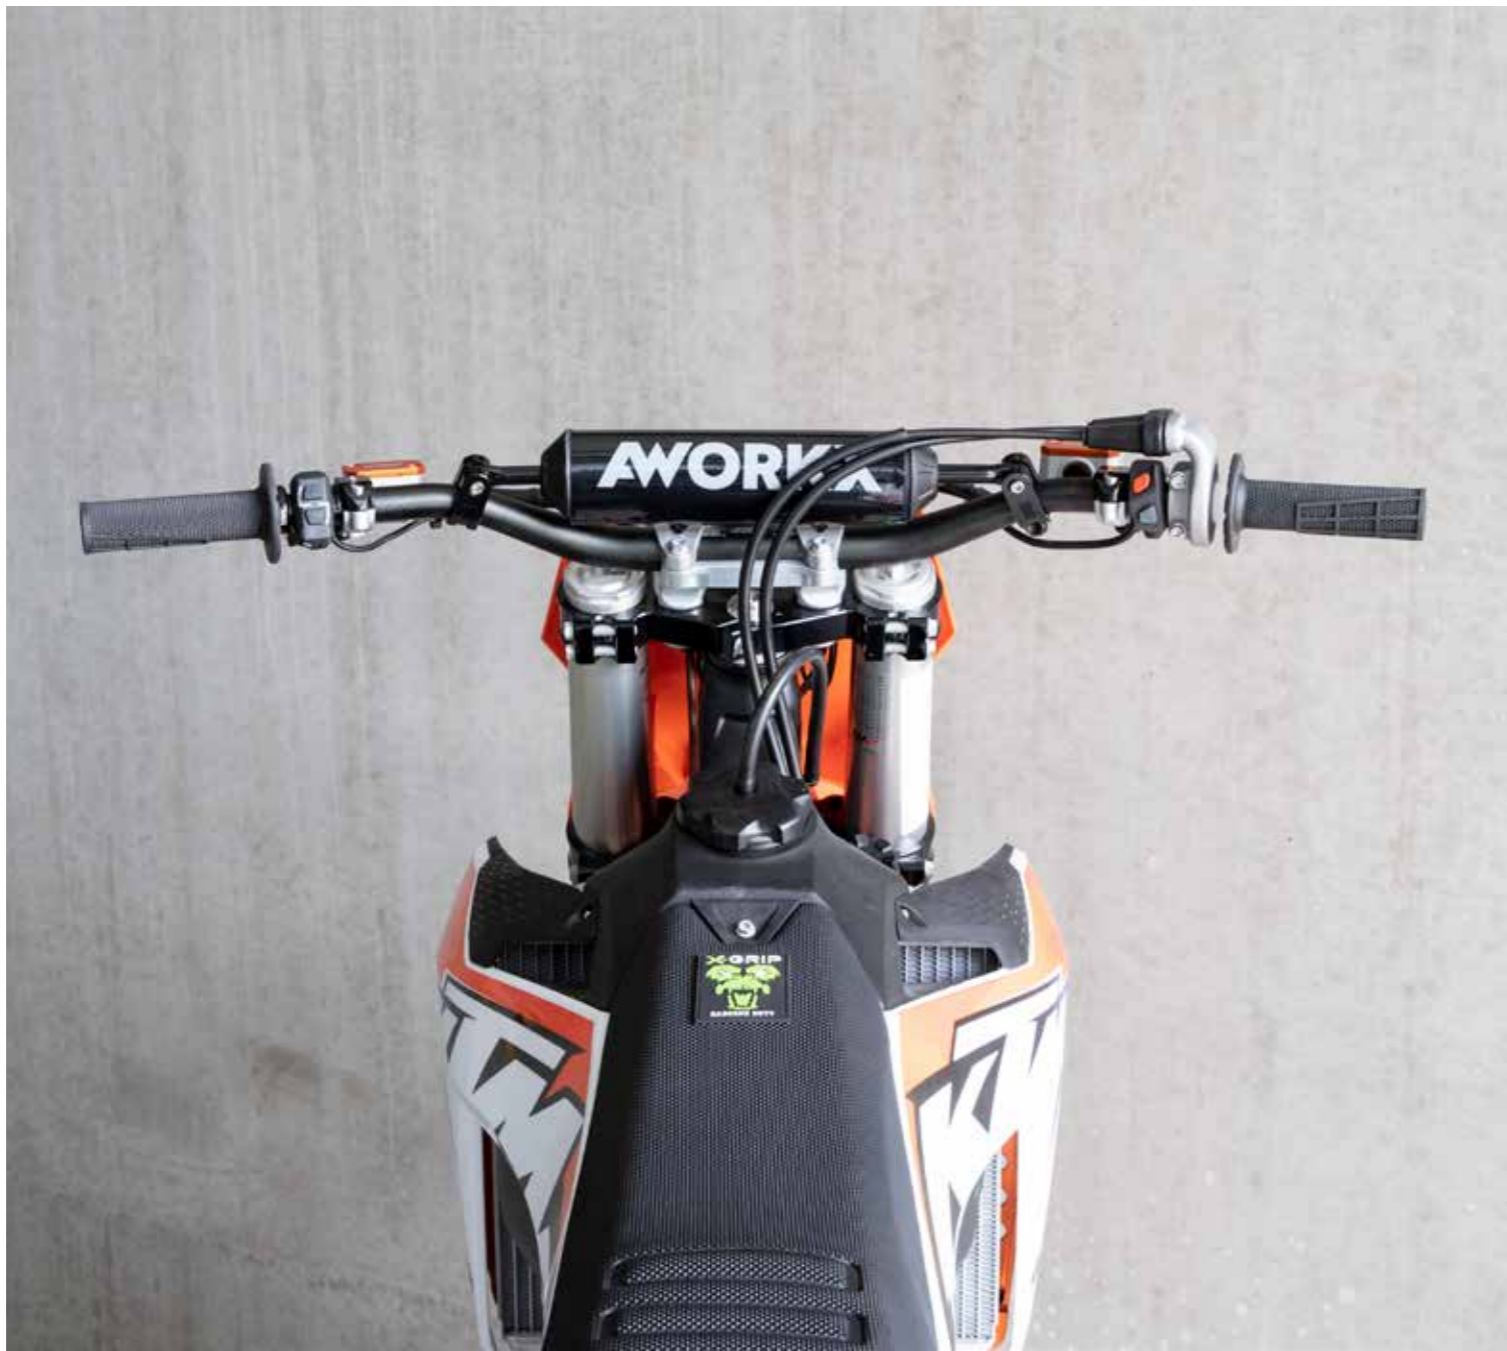

Steering Stem Bearing Tool

Removes and installs tapered roller bearing at base of steering stem. Made from anodized aluminum. Including grub screws. Suitable for most models.

Art. AW-20401

Bearing Press Set

Used for pressing in bearings such as PDS bearings, swing arm bearings, deflection bearings, etc.

Art. AW-20402

Handlebar Saw Guide

Suitable for all 22 - 28 mm handlebars. It is clamped in the vice to be able to shorten the handlebars perfectly. Especially when mounting larger handlebars on children's motorcycles, this is necessary.

Art. AW-20299

Oil Hose Plug Set

Prevents water from entering the fuel hose when washing the motorbike with the tank removed. 3 sizes in a set.

Art. AW-20157

Rubber Strap

Universal rubber strap for mounting the side stand and the battery.

Art. AW-20235

Fork Valve Kit

Quick bleed valve for your fork.

Brake Lock

Suitable for almost all motorcycles. The lock is tightened via the front brake lever and throttle grip. This keeps the brake pulled to secure the motorcycle even better during transport.

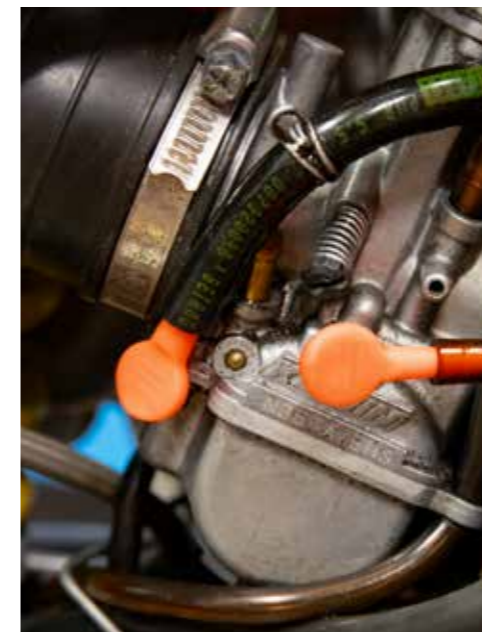

Art. AW-20286

Oil Filter Bleeder

For fuel hoses with an inner diameter of 6 to 7.5mm.

Art. AW-20291

Handlebar

Fits all motorcycles that are equipped with a 28.6mm handlebar. Available with or without crossbar in various colours and models. For the handlebars with a crossbar, the crossbar and brackets can be easily dismantled. Made of aluminum with centering lines at the handlebar clamping points and anodized design.

Low model for KTM SX(F), HUSQVARNA TC/FC, GASGAS MC(F)
 Standard model for KTM ECX(F), HUSQVARNA TE/FE, GASGAS EC(F)
 Can also be installed on other models and brands of motorcycles.
